ED BUCZESKIE

Thanks to every one of you who attend this show, it keeps getting better! After last year's event, I was overwhelmed by the enthusiasm from individuals and clubs. I personally thought last year was the best show ever but your feedback confirmed it. While it may be hard to believe, the show will celebrate its 30th anniversary next year. That's quite a milestone

but I'm too excited about this year's show to give it too much thought.

Our focus this year is on Asian cars, primarily Japanese, and we'll be highlighting them all weekend. On the Showfield you'll see everything from 240Zs, Celicas and Civics of the early days to late model 370Zs, Supras and Miatas. You'll even find some WRXs and NSXs. In addition to these rides from the Land of the Rising Sun, we've seen an increase in the number of Korean cars, like the Genesis coupe.

After more than fifty years in the business, Bruce Meyers is still going strong and he continues to build Meyers Manx dune buggies out of his shop near San Diego. Bruce is here as part of his "51 Years and Counting" tour and he's brought a lot of his friends with him! Speaking of special guests, we're pleased to have Hisashi Masui here to cover the event for Nostalgic Hero magazine. Both of these gentlemen will be here all weekend to meet with fans and sign autographs.

Everyone attending the show is encouraged to participate in the Passport Program this weekend. This will be our fifth year for the Passport and each year we get more prizes and more participants. If you want more excitement, take your car on the Autocross track at the north edge of the property. There's great food, live bands, cars everywhere and great fun with friends and family! You'll want to be sure to come back next year, May 13-15, when we'll feature cars from Deutschland.

I'd love to hear from you! Send an email or call me at:

BRUCE MEYERS

STEVE TEMPLE

HISASHI MASUI

■ Bruce Meyers

Bruce Meyers grew up in Southern California during the early days of surfing, drag racing and hanging out at the beach. It was at Pismo Beach that he became acquainted with “dune buggies.” These “water pumpers” were crude and heavy so Bruce took it upon himself to design a lightweight version that would be fun on the beach or in the wilds of Baja. After modifying a VW Kombi bus with wide rims (called “Little Red Riding Bus”), Bruce used his expertise in boat-building to design the first fiberglass-bodied dune buggy, the Meyers Manx.

After being featured on the cover of national automotive magazines like Hot Rod and Car and Driver, the Meyers Manx’s popularity took off across the country. Over the years, Meyers produced more than 7,000 kits. In 2008, Bruce brought the first Meyers Manx Kick Out to this show for its east coast debut and, along with John Denmat of Denmat Cars, conducted the final assembly of the very first Manx Kick Out SS.

Bruce still operates Meyers Manx, Inc. out of his southern California

home along with his wife, Winnie. We are honored to have Bruce and Winnie with us again this year. Bruce is a true legend in the automotive hobby and many kit car enthusiasts credit Bruce for bringing the kit and replica industry to where it is today. Visit him in Building T.

■ Steve Temple

Steve Temple is one of the foremost authorities on kit cars and has been an automotive journalist for more than three decades. He is currently editor and publisher of Car Builder Magazine. He’s served as editor of several automotive enthusiast magazines and as the director of marketing for Shelby American. As such, he’s personally familiar with a wide range of aftermarket upgrades as well as everything from vintage street rods to classic muscle cars to modern sports cars. Check out his seminar, “Practical Tips on Picking Your Next Project Car.”

■ Hisashi Masui

Hisashi Masui writes for Nostalgic Hero, a magazine featuring 1950-1980 model year Japanese

cars. It is written in Japanese and has an English version available online at <http://geibunsha.co.jp/mag/nh/en/>.

Hisashi is from Kawasaki, Japan and currently lives in California. He holds a Ph. D. specializing in semiconductors, including the LED. He holds numerous patents and is a member of the International Society for Optics and Photonics.

His passion is vintage automobiles. As a child he grew up with 1970s cars in Japan. If he isn’t behind the wheel of one of his own classics, he is usually writing about them.

We are excited to welcome Hisashi Masui and Nostalgic Hero Magazine for our Asian International Feature.

■ John Twist

John Twist, 66, owner of University Motors Ltd in Grand Rapids, Michigan, has been an MG owner since 1968. He entered the MG trade in 1971 and worked at the original University Motors in London, England in 1972-73. John was the founding chairman of the North American MGB Register, the chairman of the first all-register MG meet “MG International Indy ‘96,” and was a co-founder of the British Motor Trade Association. He has written technical articles for all the MG clubs and magazines for 35 years and has over 250 MG technical videos on YouTube. He drives a 1962 MGA 1600 Mark II Deluxe and a 1973 MGB/GT. John has four adult children and three grandchildren. He enjoys genealogy, coin collecting, and writing historical pieces for his home town. He is single.

MANXTER

■ Dune Buggies

Bruce Meyers will present a video on the history of the dune buggy and talk about its success in motorsports. After the presentation he will open the floor to questions.

■ Practical Tips on Picking Your Next Project Car

Are you about to choose a vehicle for your next buildup? Get some tips from Steve Temple, editor and publisher of Car Builder Magazine. He will cover topics such as chassis types, suspension setups, engine selection, resale value, and ways to keep buildup costs affordable. In addition, all seminar attendees will be able to sign up for a free subscription to Car Builder Magazine.

■ Preventing the Ethanol Destruction of Carburetors

Learn why ethanol in today's fuel destroys carbureted systems and what products can help. There will be a Q&A session with the experts following the presentation.

■ Performance for Your Classic

Carl Heideman owns Eclectic Motorworks, a shop that specializes in service, restoration, sheet metal work and performance upgrades. Topics include ignition, carb and exhaust upgrades, internal engine modifications, fuel injection, supercharging and more. Applicable to many makes and models, much of the discussion is based on data from MGBs and Midgets.

■ Rust Repair and Welding

Carl Heideman from Eclectic Motorworks and Classic Motorsports Magazine will discuss how to keep rust away, how to repair it when necessary, and how to develop good welding skills along the way.

■ Rebuilding Your MG Engine

Are you rebuilding the engine in your MG (or any other British car)? If yes, you NEED to attend this seminar! John Twist will provide an outline of the rebuilding process including machine work, parts supply, tools, and assembly hints. John has rebuilt all post-war MG engines and is excited to share his knowledge and answer questions. Handouts provided.

■ Rebuilding Your MG Gearbox

Growling first gear? Bad synchronizers? Falling out of gear? John Twist will give instructions on rebuilding your MG gearbox. Of course, many British gearboxes share the same configuration so this will be of interest to more than just the MG crowd. Handouts provided.

■ Trionic 5 Conversion for Your Classic 900

Jordan Pagano, from eEuroparts.com, explains the pros and cons of the Trionic 5 engine management system and what is involved in the classic 900 conversion. Jordan has done more conversions than anyone in the country as well as developed products to make it as easy as possible. Mike D, of Mike

D Tuning, will also be available to share his conversion experience and will be answering questions after the seminar.

■ The Truth About Motor Oil – Updated

This seminar will first focus on oil with some history, trivia, "Motor Oil 101" explaining zinc and a review of how and why oil specifications have changed over the years. There will be emphasis on the changes to "SM" & "SN" specifications in 2004 and 2010. For the first time in the history of motor oil in the U.S., the oil companies were unable to meet the EPA catalytic converter restrictions (150,000 mile warranty) with an oil that is suitable for older cars with flat tappet cams. The latest specifications have enough detergent to clean the "zinc" right out of the engine.

■ Experiences Buying, Owning and Maintaining a Citroën DS21

See page 15 for information about this seminar.

■ Recreating Citroën's 1959 ID19 Sur Ballons

See page 15 for information about this seminar.

■ **Swap Meet & Car Corral**

Find a vehicle in the car corral (located across from the food court) and shop the swap meet. You'll find new product manufacturers, accessories, parts and memorabilia. Vendors are listed by specialty and alphabetically on pages 20-21. Title transfer services are offered at the notary office in the pavilion and financial services are available through Orrstown Bank in Building T.

■ **2015 Feature: Asian Cars**

Each year we focus on a different country and this year it's the vehicles of Asia. Look for Toyotas, Mitsubishi's, Kias, Hyundais, Hondas and more on the showfield.

■ **Passport**

Take a tour of the world by getting your "passport" stamped. It's simple and fun, and after you complete your tour of the showfield, you will have a chance to win prizes as well as a limited-edition collector pin at Guest Services. Read more on page 16.

■ **Special Display: Featured Vehicles**

In and around Building Y you'll find a spectacular display showcasing many fine vehicles, both imports and kits. See page 10.

■ **Special Display: Racecar Paddock**

The Racecar Paddock, sponsored by Vintage Motorsport, is located on the showfield near Building Y. It is reserved exclusively for imports and kits that are set up for racing. All race cars are eligible – from road racers and autocross to drag and rally cars. Show off your race car and hang out with fellow drivers

and race enthusiasts. If you get the urge to get some track time in, you can always make a few laps on our autocross course.

■ **Special Display: Renaults You May Not Know**

Each year the French car clubs create a unique display in Building R. "Renaults You May Not Know" is this year's theme. Stop by to see some very rare prototypes and limited production vehicles as well post war industrial and marine products that featured Renault power trains. The Central PA Chapter of the Renault Owners Club is celebrating the 50th Anniversary of the Renault 16, the lesser-known and more practical French car of the period.

■ **Carlisle Elite**

We will be roaming the showfield on Friday in search of our ten favorite vehicles to become the newest members of the Carlisle Elite. To be picked for the Carlisle Elite, your car doesn't have to be rare or a high-dollar professional restoration. Rather, we are looking for cool cars that just capture our attention. Make sure your car is registered and parked on the showfield Friday to be eligible. Winners receive a prize pack that includes a T-shirt, hat and trophy. Awards presented on Sunday.

■ **Carlisle Winners' Circle**

On Saturday our team will choose a vehicle from each showfield that we feel best represents each country of origin as well as the kit cars. Make sure your car is registered and parked on the showfield Saturday to be eligible. We are looking for the finest examples we can find

and the winners will receive a really nice Winners' Circle jacket. Awards presented on Sunday.

■ **Standard of Excellence**

For those who have taken their car to the next level, we offer Standard of Excellence Judging. Owners compete against a set of criteria on the judging sheets rather than against other vehicles. Our qualified judging team consists of knowledgeable automotive enthusiasts and industry professionals. It takes place Saturday in front of the grandstand. Awards presented on Sunday.

■ **Club Challenge**

Clubs are a very important part of this event. Each year, clubs compete to see which has the most vehicles registered for the showfield, and awards are presented to the top three. There is also an award given to the club with the coolest hangout. The award is based on predetermined criteria to see who best represents the spirit of the show. See who won last year on page 14.

■ **Autocross**

The Susquehanna Region of the Sports Car Club of America (SCCA) and its Chapter Club, the Appalachian Sports Car Club, will conduct autocross on Saturday and Sunday. Each participant will get three runs of three laps against the clock. Scoring will be done on an overall basis using an index designed to adjust for the performance capabilities of the different cars. The experience is designed to allow you to test your performance on the course. It will also be useful if you want to learn more about your car's potential and your ability to manage

it. Instructors will be available to ride along and help you find new levels of performance.

Registration is required at the SCCA tent next to the track. The charge for each entry is \$25. When you register, you will choose a specific session. There are eight drivers per session. Check in at least 30 minutes prior to your start time for sign-in and safety inspection. Participants must be at least 18 years old and have a current driver's license. Helmets are required; loaner helmets are available. Registration closes when the sessions are filled.

■ Rolling Tech Sessions with John Twist

MG? Austin Healey? Triumph? John Twist will be pleased to examine your sportscar in his rolling technical session. John can make minor adjustments to your timing or carbs and tell you what to do to make your car run better. He has been providing these rolling tech sessions for nearly 30 years at MG events and British car shows. Handouts provided.

■ Kids' Activity Center

The Kids at Carlisle Activity Center features a virtual racing game, crafts, a playset and bounce house. It is located in Building R on Row IB. Our young enthusiasts and parents alike can enjoy a pit stop during their visit while they spend some time coloring, painting or simply having a seat while the kids run off some steam in the playground area. Every child receives a free gift when visiting!

*Attention parents: Please be advised that the Kids at Carlisle Activity Center is not a child care service. Adult supervision required.

■ Toy Drive

The Central PA Chapter of the Renault Owners Club runs an annual toy drive during our event. This year, we've teamed up with them in making it a car club competition, although everyone is welcome to make donations. Most gifts will remain in Central PA and be distributed at Christmastime by the Marine Corps Toys for Tots organization. Some toys will be given to the Hershey Medical Center for sick children and others will be sent to kids around the world.

To participate, bring an unwrapped toy or monetary donation to the Renault club tent or Building R by 3 p.m. Saturday. The club giving the most will be recognized during the awards ceremony on Sunday. Special thanks to the Boy Scouts of America for counting the donations.

■ Scenic Cruise

Take a scenic drive through the Cumberland Valley. Enjoy getting off the beaten path at your own pace. Ask for maps to Gettysburg and the covered bridges of Perry County at Guest Services.

■ Live Music

A variety of bands will be playing in multiple locations this year. See the schedule on page 5 for the lineup. Special thanks to our official stage sponsor, The River 97.3.

Bridge Street is a high energy variety band that covers anything from Patsy Cline to Poison including rock, classic rock, funk, blues and country.

Honeypump began as a female fronted rock cover band in 1995 and has emerged as one of Central

PA's premier live bands. Honeypump provides a great variety of music selections appealing to everyone as fun and upbeat entertainment.

Bushmaster has been entertaining since 1992. Gary Brown, frontman, guitar player, band leader, and composer, was named "Best Up and Coming Blues-Rock Artist" for The Rock Over America Magazine Music Awards for 2012.

KB Bluez is a local group who love to have fun and play good acoustic rock and roll. Catch them above Subway on the west side of the fairgrounds by Gate 3.

Shea Quinn has been performing locally since the '70s with The Pikers and in the '80s with The Sharks. Shea went on to perform with Jeffrey Gaines and the Luv Gods. This weekend he is performing as Shea Quinn and Friends.

■ Awards Presentation

The winners' list is posted at 9 a.m. Sunday in front of the Grandstand/Guest Services for Carlisle Elite, Carlisle Winners Circle, Standard of Excellence and the Club Challenge. If you won an award, go to the Guest Services building to pick it up and let us know if you will participate in the awards presentation. If you are unable to be here Sunday, you may check the winners' list online. If you'd like your award sent to you, just call us with your \$10 payment.

■ Worship Service

A non-denominational worship service is held at 9 a.m. Sunday morning in the grandstand. We invite you to join us for the service led by The Salvation Army, our partners in faith. Coffee and doughnuts available. Everyone is welcome.

> special display: featured vehicles - building y

The special displays always have some of the coolest rides you'll see at the event. This year Building Y is home to some of the oldest Japanese cars in the country. Check out Daniel Banks' 1936 Datsun Model 15 Phaeton and his 1939 Datsun Fire Truck.

Asian Cars: Efficient to Exotic

By Ed Buczeskie, Event Manager

It could be argued that Japanese cars have had a greater impact on the automotive industry over the last 40 years than any other. Recently, Korean manufacturers, Kia and Hyundai, have been making some impressive vehicles but it was the Japanese that first raised the bar. There's no doubt that American car companies were forced to improve quality as a direct result of the competition from Japan.

The beginnings were humble, to say the least, with cars and trucks that were basic, reliable and efficient. In those days gas was still cheap and Americans were in love with big cars and thirsty V-8s, making the imports slow to catch on. As gas became more expensive and buyers started switching to smaller, more fuel-efficient cars, the Big Three looked for ways to keep pace. The early efforts nearly ruined Detroit's reputation for building cars.

American automakers made

numerous attempts to make their cars more efficient by lowering the power and adding an array of emissions systems. However, this made the cars even more sluggish and most of the emissions systems were complex and troublesome. Meanwhile, most Japanese cars were running efficient and reliable EFI systems on smaller engines in smaller cars. While this wasn't the recipe for performance, if you wanted some excitement you simply opted for something like a Z car, Supra or Rx-7.

Vintage Japanese cars have been popular for some time and for good reason. They offered a great platform to begin with. Car enthusiasts are always looking for ways to make the classics even better while some models are better left alone. This weekend you can see the whole gamut from stock to modified and from the newest to the oldest. If you want to see the oldest, just go to Building Y and see either of Daniel Banks'

Datsuns, both of which are from the 1930s. For the newest, it's as simple as walking to the Asian section of the showfield.

We now live in an age where just about every company that sells cars in America is offering some serious performance. In the '70s, Japanese cars were considered "sporty" whereas today there are models that easily fall into the exotic category with the Nissan GT-R, Lexus LFA and Acura NSX. Subaru has one of the most popular modern "hot rods" with the WRX and the Mazda Miata has invaded SCCA events across the country. Even some of the most basic sedans have 300+ horsepower V-6s ... all while getting 30 mpg or more!

Just about all of the cars mentioned here can be seen this weekend. Building Y is home to some featured cars, the Paddock (in the Pavilion) has racecars on display and the Asian section of the showfield is loaded with Japanese cars. Hisashi Masui can also be found in that area.

2014 COOLEST CLUB HANGOUT – SAABS@CARLISLE

Car clubs are invited to gather during our events for an official meet or just for fun. Tent rentals are available to use as the headquarters and if enough members register for the showfield, the rental is free. We encourage clubs to have fun with their club tent and decorate

it for a chance to win the Coolest Club Hangout award. The Club Challenge awards go to the three clubs with the most members registered for the showfield. The winning clubs receive a banner to display at their tent. For more details, send an e-mail to Clubs@CarlisleEvents.com.

To see a list of the Officially Recognized Clubs with links to their websites, visit: <http://www.carlisleevents.com/carlisle-events/carlisle-import-kit-nationals/carlisle-import-kit-nationals-clubs.aspx>

Coollest Club Hangout

Saabs at Carlisle won the coolest club hangout award in 2014. Club hangouts receive points for country flags, vehicle banners/flags, music, club banners, club merch, people, young enthusiasts/kids and club literature. The Saab Club had all of those things and more. Congratulations on having such a great time!

> citroëns at carlisle

Everyone is welcome to join Citroëns at Carlisle at their club tent for these special activities on Saturday.

■ Saturday 9AM - 3PM

People's Choice Judging

Vote for your favorite Citroëns and help choose the "people's choice" winner. Just ask for a ballot at the Citroën club tent.

Hang out with Citroën Owners

Join Citroën owners at the club tent. See fun displays and talk to friendly folks about their cars and experiences.

■ Saturday 1 PM

Buying, Owning and Maintaining a Citroën DS21

Paul and Rose Anderson from Lewisberry, PA will give a seminar on their

experience finding a Citroën DS21 in Europe, importing and shipping it to the U.S.A., performing repairs maintenance. Rose will give the wife's point of view!

■ Saturday 2 PM

Celebrating 60 Years of the Citroën DS and 50 years of the Renault R16

The Citroën DS turns 60 this year. The Renault R16 turns 50. In honor of these two milestones, Citroëns at Carlisle and the Renault Owners Club have decided to host a meeting of these two legends on the showfield between the Citroëns at Carlisle tent and Building R. Everyone is invited to join the toast to these two top-of-the-marque models. Before the toast we will highlight each vehicle's long list of accomplishments and follow the toast with a salute.

■ Saturday 3 PM

Recreating Citroën's 1950 ID19 Sur Balloons

Dave Agar from New Philadelphia, Ohio will give a seminar on his recreation of one of Citroën's best known advertising designs for the Citroën ID/DS. In 1959, Citroën created an ad showing a car "floating on air" with red balloons for wheels. Dave is in the process of recreating this car, full scale and ready to drive. The car will be on display, and Dave will talk about his involvement, challenges and satisfactions of this project.

■ Saturday 4:15 / 4:30 PM

A Tour of the Valley

See and hear the Citroëns in action. Stop by the club area when they fire up and head out for a Citroën tour of the valley before the club holds their evening banquet.

◆ Saturday, June 6, 2015
◆ 9AM to 4PM, rain or shine
◆ Fine Art, Fine Crafts, Food, Fun Activities
◆ next to Children's Lake in Historic Boiling Springs, PA

BROTHERS, JOHN AND DAVE DENMAT PICTURED WITH A FINISHED MEYERS MANX, OR "DUNE BUGGY," KIT

From Childhood Idol to Business Partner

By Sarah Burkarth, Carlisle Events Social Media Coordinator

As children, the Denmat twin brothers idolized a man by the name of Bruce Meyers, the "super cool California dune buggy designer." Today, those brothers are direct retailers of the Meyers Manx kits, otherwise known as dune buggies.

The original kits are sold exclusively through Meyers Manx in CA, so John and Dave Denmat came up with a way to promote the iconic dune buggy brand on the east coast. They founded Denmat Cars in 2007 and assemble the kits to customers' objectives for style and performance. Their company is based in Cape Cod.

The first Meyers Manx that John assembled was a burnt orange 2+2 Manxter, which would eventually be featured alongside their longtime hero Bruce Meyers and his wife Winnie at their first visit to the

Carlisle Import & Kit Nationals in 2008.

Working with the Meyers' brand, John began to realize the marketing power behind a professionally run car show. He had recently completed the assembly of a hot rod Manx and knew that he had built something special. Wanting to show it off, he timidly called Carlisle Events. "I made a half-scared phone call for vendor information and was immediately treated like the most important person in the world. Little did I know that Carlisle Events treats all their guests like the most important people in the world," noted Denmat.

During that initial phone call, Denmat mentioned the name Bruce Meyers. Event manager Ed Buczeskie knew the huge impact Bruce's participation would have on the kit side of

the Import & Kit Nationals.

With Ed's encouragement, John reached out to the dune buggy legend and invited him to the show. Bruce Meyers and the Denmat Cars display were a big success at the 2008 event. Since then, Meyers has attended many times and Denmat Cars has been here all but one year.

The Denmat brothers set up their display on Thursday and always enjoy reconnecting with other vendors, meeting new business owners and making new friends. John says one of his favorite things about the show is "watching the expressions from children when they discover a Manx for the first time. The excitement and interest in the vehicles we build is proof that what we do is worthwhile and keeps us coming back to Carlisle every year."

AUSTIN SMITH AND HIS 1970 VW BEETLE

Austin Smith and the Little Bug That Could

By Crystal Statskey

With 40 years of history to our name, Carlisle Events has welcomed generations of enthusiasts through the gates. The stories that come from them are often very entertaining. From Austin Smith, who lives near the Fairgrounds, comes a story that caught our attention during the 2014 Carlisle Import & Kit Nationals.

Austin has been coming to our events since his father was carrying him around as a child. In fact, coming to Carlisle is one of their favorite past times. They come to buy parts, admire the cars on the showfield and enjoy an overall good time. Now, as a teen, Austin still comes to the shows and considers

the Carlisle Fairgrounds “his backyard.”

Before Austin had his driver’s license, he worked out a deal with his parents to buy a 1970 Volkswagen Beetle for \$150. The “bug” had been his favorite car since the age of 10 when his favorite movie was “Herbie Fully Loaded.”

The car wasn’t in the best of shape and he knew it was going to be a lot of work, but it would be worth it. It didn’t have an engine, the floors were rusty and the paint was faded, but Austin still thought the bug had character.

About a month before his 16th birthday, Austin and his father embarked on a six-month restoration project. They

installed a 1972 engine, new floor pans, fresh paint and a lot of TLC while trying to keep it as original as possible.

Austin showed the car here in 2014 and has won the Best of Show award at some local events. It has also won the hearts of many spectators.

Fresh out of high school, Austin is currently attending Harrisburg Area Community College. While taking college classes part time, he works at Bobby Rahal Lexus as a car manager’s assistant.

When asked about future projects, Austin explained that he and his father are currently restoring a 1969 Austin Healy. We look forward to seeing this car on the showfield soon.

MONTWAY AUTO TRANSPORT

We say auto, but we know it is more than that.

Service as impeccable as your car.

Beautiful lines and admirable ingenuity, sleek bodies, strong engines and the soft hum of an exhaust. It's much more than just a car. It's automotive art. When it's time to ship it, you want to be absolutely sure it is taken care of. Our service may not be automotive art, but it's our job to ship and preserve it, and we take pride in that.

Official Event Guide Partner

It's no secret that American car values have been on the move over the past few years, both up and down. It pays for buyers, sellers and owners to know exactly what's going on in the marketplace at any given time, and that information is exactly what American Car Collector magazine does best.

Each issue of ACC contains more than 100 market reports on individual cars that have appeared at auction, with published sold prices highlighted by on-site evaluations that cover condition, originality and options. Not only do we tell you what a car sold for, we help you understand why. Every issue also includes in-depth profiles on cars from GM, Ford and Mopar, joined by Hot Rod, Race Car, Corvette and Truck. Whether you have one car or 20, ACC has the information that'll keep you on top of what's happening in the American collector-car world. Subscribe at americancarcollector.com.

COLLECTOR CAR INSURANCE

Official Classic Car Insurance

Have you ever wondered what collector-car insurance is all about and the best way to purchase insurance? At Heacock Classic we help you insure your car for the you use it, saving you money over the life of the policy. Our goal is to offer a custom, low-cost program designed to fit your needs. Collector car insurance from Heacock Classic provides "Agreed Value" coverage, full coverage during restoration, coverage for modifications, and you choose your own repair shop if your car is damaged. You also get to choose a \$0 dollar deductible and automatically get \$50,000 in coverage for 30 days when you purchase a new classic car. After you request a quote, a status report is usually ready within 24 hours. Then we will contact you to review it and hopefully activate your new insurance policy. It's simple, easy and the best way to properly protect your investment. Call us today at 800-678-5173 or online at www.HeacockClassic.com

Official Auto Transport Company

Expert care and high-quality customer service set Montway Auto Transport miles apart from other auto movers. As one of the country's largest and most reputable auto shipping companies, we move over 6,000+ vehicles each month, safely and securely across all 50 states, open or enclosed transport, accommodating every type, special care and exotic, military, snowbird, and expedited shipping. Our customers include thousands of satisfied individuals, as well as corporate customers in the moving and relocation, dealership, auctions, and OEM industries. We also provide specialized shipping and technology solutions for corporate customers, with single to full-load capabilities.

Preferred Auto Parts Store

RockAuto ships thousands of auto parts from over 300 manufacturers to customers on every continent except Antarctica – including APO/FPO addresses. The RockAuto catalog is updated daily with mechanical parts such as brake pads and shock absorbers, body parts such as bumpers and mirrors, interior trim such as door handles and carpets, and major assemblies like steering gears, CV axles, engine long blocks, and complete transmissions. There are no mechanics on staff (RockAuto is a store, not a repair shop) but service manuals are available to help customers learn how to perform a repair. The RockAuto catalog is expanding constantly. Someday, it may be possible to build an entire car using parts from RockAuto!

PETS

Pets are strongly discouraged for health and safety reasons. If you cannot make other arrangements, your pet must be on a leash and policing after it is required. Your pet must be under your control at all times, and you are responsible for its actions. Any unsafe action by your pet may result in expulsion without refund.

CONDITIONS

Dangerous or slippery conditions can exist on the Fairgrounds. Due to the nature of the goods displayed, heavy equipment and moving vehicles are present. Carlisle Events cannot be responsible for the conduct of vendors and patrons entering the premises. Those who enter the Fairgrounds do so at their own risk.

PHOTO & VIDEO DISCLAIMER

Filming and photography take place during events held at the Carlisle Fairgrounds and Carlisle Expo Center. By attending any Carlisle Productions event, there is implied consent, and you agree to give Carlisle Productions and authorized filming and/or production companies and/or media outlets the right to film, photograph, record your name, nickname, picture, biographical material, voice and/or likeness and to use in any manner of media in connection with the event or future events and the advertising and promotion thereof. The same holds true for any vehicle, product or any other item you display or bring to the event. You also agree to the broadcast, production, reproduction, printing, distribution and exhibition of any such photographs and/or recordings of the event, and any programming derived from the event, by any and all means, media, devices, processes and technology now or hereafter known or devised anywhere in the universe at any time in perpetuity as Carlisle Productions or any of these authorized producers, filmmakers, photographers and/or media outlets elect without compensation of any kind to you.

› vendor incentives

Vending at a Carlisle event can be a great way to make money, clean out your garage and an overall fun experience. Our 82-acre facility has bath houses and multiple options for dining at our concessionaires so camping in your vendor space is an easy choice. Read on for more reasons to vend at Carlisle.

New Vendors: Free Space

If you've never had space at an event (or haven't for two years), you can get one space FREE if you buy TWO spaces.

Current Vendors: BOGO!

If you buy a vending space at an event where you haven't before, just buy ONE – and get one FREE!

Multi-Show Discounts

If you purchase vending space at 5-6 events during the 2015 season, you will be eligible to receive a 5% discount on your total vendor fees paid. Purchase space at 7 or more events and receive a 10% discount. Discounts will be paid at the end of the season.

Free Specialty Listing

As a vendor you are entitled to one free specialty listing in the event guide for each event you attend. Help your customers find you; return your order form today!

Free Alphabetical Listing

If you buy vending space at an event, you will be included in the alphabetical vendor listing in the event guide.

Space Renewals

You have renewal rights to your vending spaces for 90 days after the end of an event. You will receive a renewal notice approx. 30 days after the event and a final reminder postcard two weeks prior to the deadline.

Early Bird Renewal Discount

The best deal in renewing your vending spaces is to pay for 2016 before the event is over. You'll get a 5% discount! Visit Vendor Services in the Registration building outside Gate 3.

Buy Vending Space Online

New this year! You can buy vending spaces online! Two weeks after the 90-day renewal deadline, all spaces that have not been purchased will be available on a first-come, first-served basis. You can even choose the exact space!

› car corral bonus - social media showroom

If you buy a **car corral** space in 2015, you are invited to advertise that vehicle for sale on our social media pages – Facebook and Twitter – FREE!

Just e-mail up to four photos of your vehicle to **SocialShowroom@CarlisleEvents.com**. Include your name, vendor number, event name, space number and important details about the vehicle you're selling.

We will post your photos one time – within a 14-day window of the event – on Facebook and Twitter. They will remain in the Social Media Showroom photo album on the Facebook page for the applicable event.

If you buy multiple car corral spaces, you may advertise each vehicle on the Social Media Showroom. This offer is valid for each car corral space.

The Social Media Showroom is a trial run during 2015. Depending on its success, it may be implemented for 2016 for a fee. Take advantage of this special offer!

Thank you for your support, and we hope the additional exposure of your vehicle provided by the Carlisle Events Social Media Showroom results in a sale.
