KEN APPELL

Welcome to Hoonville, USA, for the 2015 edition of Carlisle Performance & Style. We've renamed our little slice of Carlisle, PA to "Hoonville" as this year is packed with a bustle of activity with a number of unique displays, expanded activities and all new gatherings.

This year's show is action packed with new and returning activities. Returning for the ninth year in a row is NICOFest put on by NICOclub.com. From drifting to autocross to general hooning, you can find it on the hill and on the track with NICOclub.com. Kicking off midday on Saturday is the two-round Ms. Carlisle Beauty Pageant; you do not want to miss this! Saturday afternoon will introduce to you, the Carlisle faithful, the all-new Exhaust Contest presented by HKS USA. The new format is a rolling style where cars will be able to wind through the gears as they climb the hill showing off that perfect exhaust note. Following that is the Low Car Limbo and the always-popular Burnout Contest sponsored by Amsoil at the Grandstand.

As you walk around the show please make sure you visit each of our displays for a look at the different segments within the Performance & Style hobby. LowLapalooza is back in Building T with a fresh new crop of cars that emphasize all things low, flush, and stanced. East Coast Bullies returns for Round 3 in Building Z with some of the best cars on the east coast. Timeless Motor Group has brought their tour display to Building Y with some of the top builds in the nation, some direct from the SEMA Show. A new display is the Stang Magazine Showcase located near Building R featuring customized Mustangs from the modern muscle market.

There are many more things to see and do at the show this weekend while you are here. We invite you back next year to celebrate the 20th Anniversary of Carlisle Performance & Style. We are looking for cars that span the entire 20 years for a unique display. Old trends to new, we want to see them next year!

I'd love to hear from you! Send an email or call me at:

NICOfest Returns for its Ninth Year

By Sarah Burkarth, Carlisle Events Social Media Coordinator

NICOclub.com is the world's largest website for Nissan, Infiniti and Datsun enthusiasts and provides information, news and events to the automotive community. The club was started in 2002 and is headquartered in Phoenix, Arizona and has staff all over the U.S., Canada, Australia, Japan and elsewhere. They serve a global community so maintaining a presence outside the continental U.S. is important.

The idea for NICOfest came about 10 years ago when NICO Club founder, Greg Childs, attended Carlisle Performance & Style and noticed many cars not moving from their spot in the showfield all weekend long. He proposed the idea of

his club hosting an autocross and drifting event in conjunction with the show. "Nothing draws a crowd like screaming tires and loud exhaust, and the paddock was instantly packed with people wanting to know how they could participate – we knew we were onto something big," explained Greg.

The event was such a success that it has now been dubbed "NICOfest" and returns in 2015 for its ninth consecutive year. When asked what keeps NICO Club returning, Greg noted a few reasons. "The staff at Carlisle Events are top-notch folks, the best we've ever worked with. The appreciation of the attendees and the friendliness of the locals is also a big reason. The Pennsylvania

countryside is beautiful. And, finally, we enjoy the opportunity to see old friends and make new ones each year."

NICO Club is always striving to make the experience better for people who visit the website. Even if you don't own a Nissan vehicle, browse around the site, engage in a conversation and share some of your own knowledge and experiences. Who knows, you just might find that you feel right at home.

Join in on the NICOfest fun on our track this weekend with unlimited drifting and autocross runs. Any make car is welcome and no track experience is necessary. The event is open to all licensed drivers 18 or older. Fee applies.

We say auto, but we know it is more than that.

Service as impeccable as your car.

Beautiful lines and admirable ingenuity, sleek bodies, strong engines and the soft hum of an exhaust. It's much more than just a car. It's automotive art. When it's time to ship it, you want to be absolutely sure it is taken care of. Our service may not be automotive art, but it's our job to ship and preserve it, and we take pride in that.

- offering white glove car shipping service
 - five-star customer rated
 - fully licensed and insured
 - doing business since 2006
 - servicing all 50 US states

OFFICIAL OIL SPONSOR OF THE BURNOUT CONTEST
AMSOIL specializes in developing synthetic technology designed for those who demand the best. Our full line of synthetic lubricants allows you to harness the full potential of whatever you drive, ride or operate.

Since the beginning, AMSOIL has stood apart from other lubricant companies. AMSOIL President and CEO Al Amatuzio founded his company on the same principles that defined his career as a jet fighter squadron commander – excellence, integrity and strong leadership. In 1972, his first breakthrough came. AMSOIL 10W-40 Synthetic Motor Oil, the result of years of research and inspired by aerospace technology, became the first synthetic motor oil in the world to meet American Petroleum Institute service requirements. It outperformed conventional oils on all counts, signaling a new age in lubrication science.

Since then, our commitment to performance hasn't relented. Our synthetic lubricants – formulated, blended and packaged in Superior, Wis. – continue to reset the standard, enabling you to continue testing the limits of vehicle power, speed and performance.

few years, both up and down. Each issue of ACC contains more than 100 market reports on individual cars that have appeared at auction, with published sold prices highlighted by on-site evaluations that cover condition, originality and options. Not only do we tell you what a car sold for, we help you understand why. Every issue also includes in-depth profiles on cars from GM, Ford and Mopar, joined by Hot Rod, Race Car, Corvette and Truck. Whether you have one car or 20, ACC has the information that'll keep you on top of what's happening in the American collector-car world. Subscribe at americancarcollector.com.
